

TREATY OF DIPLOMATIC RELATIONS BETWEEN THE "LAFTA REPUBLIC" AND THE "REPUBLIC OF TIBERIA"

May 2, 2021

By the decision of the Senate, this diplomatic agreement between Lafta Republic and Tiberia is approved to establish diplomatic relations, through this official document of the political protocol of the Tiberian nation.

As of May 1, 2021, the nations of Tiberia and Lafta Republic, through their respective official representatives and committees, and as proof of their existing goodwill, formally agree on the following points:

Article 1. The Republic of Tiberia and the Lafta Republic, as signatory parties, mutually recognize their existence as legal and constitutional micronations with full sovereignty, freedom and independence of both parties.

Article 2. The signing parties, within the micronational or national scope, mutually recognize and respect their symbols, territories, institutions and legal systems, as well as the legitimacy of their institutions, authorities and laws. For the same reason, they undertake not to intervene in their respective internal affairs or in the decisions made by their institutions, as long as they have arisen from the legal democratic processes.

Article 3. Both micronations express their willingness to continue their diplomatic contacts and to continue advancing in relations of friendship and mutual collaboration as a means of development and strengthening of their citizens and institutions and, consequently, of the micronational sphere in general, maintaining for this a permanent communication channel. For this, the immediate opening of embassies will be carried out on their respective official websites, with the image of the symbols or the official flag of the other signatory micronation.

Article 4. The signatory parties are committed to the mutual defense of integrity, sovereignty, independence and their national reality, against any aggression from another Nation or Micronation.

Article 5. Both micronations are free to establish Alliances and Friendship Treaties with other micronations, to join intermicronational entities, without this binding the other party.

Article 6. The signatory parties undertake to resolve their conflicts and differences in dialogue and through diplomatic channels. In addition, they undertake that, in the event that one of the signatory parties declares war on another micronation, this Treaty will be reviewed and it will be evaluated whether to continue with its validation or not.

Article 7. Both micronations mutually agree to make the signing of this Treaty public for the knowledge of their own citizens and micronational diplomatic circles, incorporating the corresponding information on their respective official websites.

Article 8. This Treaty will be ratified, in accordance with the Institutional procedure of each one of the micronations and will enter into force as of the day of its signature, each signing party committing to give it the maximum publicity in its territory. Once this treaty is ratified, it will remain in force without time limitation, as long as it is not denounced in writing by one of the signatory parties. If there is demonstrated inactivity and without prior notice on the part of one of the signatory parties for a period greater than six months, this Treaty may be considered annulled by either of the two parties.
